

IMPORTANT INFORMATION ON ASSIGNMENT

IMPORTANT MESSAGE ABOUT ASSIGNMENT.

- 1. The process of assessing the programming assignment is as follows:
 - submission followed by
 - class test on parts of code
 - interviews (for some students)
- 2. The dates that have been agreed are as follows:
 - submission Monday night (23:30) Week 13 , May 4th
 - in class test Tuesday late morning
 - schedule for interviews published on Tuesday night
 - Interviews (mandatory if scheduled) on Wednesday. These will be in person.

EARLY SUBMISSIONS:

If students have the assignment finished by **Wednesday of week 12 (29th April) 23:50** and submitted both to Moodle and finally pushed to GitHub Classroom,

- I can facilitate an early interview before the end of week12 so that attendance at in-class test is not needed. You need to contact me directly by the beginning of week 12 to indicate that you are thinking about it and then when you have submitted.test
